Home Storage Products

A line of products conceived to **keep the house in order with style.**

We produce a **wide range** of storage boxes: we focus on cardboard boxes, suitable to store clothing or just about anything!

In addition, we propose **many accessories to tidy up the closet and the whole house, such as clothes cases and vacuum bags.**

We carry a wide range of products, to meet the needs of our **worldwide customers.**

Lavatelli S.r.l. produces in Italy **since 1958**, using **100% Italian materials** and it is one of the leading Italian manufacturers on the market today.

For the production of our storage boxes, we use **recycled and recyclable materials.**

Our company exports all over Europe and in more than **40 countries** throughout **Asia, North and South America, Africa and Oceania.**

Lavatelli has always been strongly concerned about its **customers' needs**; in recent years, we have **constantly improved our products.**

As an example, we have replaced annoying plastic buttons with the new and exclusive self-assembling system, thus reducing to 50 seconds the time required to assemble the boxes and increasing up to kg. 110 the box loading capacity, ensuring unique strenght, also thanks to the pre-assembled cover with metal rivets.

The "Baulotto" product line is characterized by a **thin lamination**, which ensures impermeability, accurate and easy cleaning and long durability.

The new "Collection Parfum" is characterized by its **nanoparticles of perfume**, which make for a unique product. The particles are activated when the box cover is rubbed and deliver a flowery fragrance.
